## Is My Organization Eligible to Receive Federal Property?

If your organization is a non-profit, tax-exempt organization that serves the public in the area of health care, education, governmental agencies and political subdivision. Then the answer is **YES!**

For an Eligibility Application, please contact the Federal Surplus business office.

## What is the Federal Surplus Property Program?

Personal property no longer needed by the Federal Government is available for donation to eligible organizations through the Federal Surplus Property Program. Property is screened Nationwide and even Overseas.

Federal Surplus Property is donated to your organization through our agency. Participants are assessed a service charge that covers administrative costs.

The Federal Surplus Property Agency is responsible for the fair and equitable distribution of the property allocated to the State of Nebraska from the General Services Administration and for all compliance issues surrounding the property.

## Are There Any Restrictions Placed on the Property?

- All Property must be placed into use within one year
- Property must be used for a period of 12 to 18 months depending on the value
- Property is restricted to organizational use only
- Property cannot be sold, loaned, leased, traded or transferred during its compliance period

## "Surplus Makes Sense"

The Federal Government generates useable property excess to their needs. To insure maximum utilization of such property, excess items are made available to other federal agencies. If there is no need on the federal level, surplus items are then made available to Federal Surplus Property Agencies for screening. The goal of the Nebraska Federal Surplus Property Agency is to make available, to eligible organizations, within the State of Nebraska, property on a fair and equitable basis. With consideration given to eligible donees relative resources, needs, and ability to utilize the property within the limits of the Nebraska State Plan of Operation.
